Hi Krish,

Alice met with Senator Toomey's staff yesterday afternoon and they asked if they could have a contact or contacts from PADEP when it comes to Ethylene Oxide and B. Braun. Could you please let us know who should we provide as contacts from PADEP for this?

Thanks, Cristina

Cristina: Sen. Toomey's staff asked to keep them in the loop when EPA and PADEP coordinates any upcoming inspections at B. Braun. They are fine with EPA notifying them when it has occurred...they don't need to know prior to the inspection. So we should let Karen know.

Also, Toomey's staff would like to have contacts at PADEP in case they have any additional questions. I was going to give them the NERO air manager and Krish, but could you ask Krish if he has a preferred point of contact?
